

Duty of Candour Annual Report

All health and social care services in Scotland have a duty of candour. This is a legal requirement which means that when things go wrong and mistakes happen, the people affected understand what has happened receive an apology, and that organisations learn how to improve for the future.

An important part of this duty is that we provide an annual report about the duty of candour in our services. This short report describes how our care service has operated the duty of candour during the time between 1 April 2018 and 31 March 2019. We hope you find this report useful.

Glasgow Association for Mental Health (GAMH)

GAMH is an independent charity registered in Scotland. GAMH exists to promote the mental health and wellbeing of people and their communities; providing more than 2000 hours of community based support every week to people in Glasgow.

GAMH services are preventative and purposeful in nature and designed to increase the factors known to protect and promote good mental health. GAMH recognises the need to maintain and develop strong community partnerships with all stakeholders and the importance of having a focus and commitment to the wider mental health and recovery networks. GAMH works with partner agencies across Scotland and beyond providing innovative and effective service options and opportunities for people with lived experience of mental health and their carers.
